A Sensible Ruling. General Land Office, in a decision today, holds that the moneys paid by public land entry men to receivers at ocal land offices in their official capacity are, as soon as paid, public moneys within the intent of the law, and such payments are held to be payments to the Government. In the case in point Receiver Smith at Tueson, A. T., absconded with a large amount of money paid to him by entrymen upon making final proofs. The lecisions heretofore have been against the allowance of the entry when the money was paid to a defaulting receiver before the entry was allowed and a final receipt given.

The new maps of Cochise county are about ready for shipment from Chicago where they are in course of publication.
